

Brooke's Story:

Dedication, Obedience, and Trusting God

For Brooke Price, serving as the Sponsorship Director for 2nd Mile Missions is far more than a job—it's a calling. Brooke and her husband, Jon, live in Warsaw, Indiana, with their two boys, Carter and Logan. **Since stepping into her role in June 2024, Brooke has poured her heart into connecting students in the Dominican Republic with sponsors in the United States, creating a bridge of hope, opportunity, and life-changing relationships.**

Brooke's journey with 2nd Mile Missions began years ago while she was working at Warsaw Community Church. **Through WCC's Sonlight children's ministry, she saw firsthand the power of sponsorship as they raised funds annually to sponsor four students.** That connection deepened when **Brooke took her first Awareness Trip to the Dominican Republic in November 2022.** "That trip was so impactful," she shares, **"I knew I had to go back."** She did just that in April 2024, a visit that ultimately led her to step into her current role.

Leading the sponsorship program comes with its challenges. **Brooke works hard to ensure sponsors can connect meaningfully with their students while managing the many details and moving parts of the program.** Organization, commitment, and a deep sense of purpose are critical in her role, and Brooke has them in abundance. **What keeps her motivated is her love for the students and sponsors** and the joy of working alongside the dedicated 2nd Mile Missions team, both in the U.S. and the Dominican Republic.

Brooke's work has also deepened her faith and trust in God. **"I've learned that God has given me gifts and equipped me to do His work, wherever He's called me to be," she says.** Her experiences have taught her the value of obedience and trusting God to lay the foundation for His plans. "As humans, we plan and prepare, but God's will is always the best solution. **We just need to be obedient with the day-to-day opportunities He gives us.**"

For Brooke, **the sponsorship program is about so much more than providing education—it's about building connections that transform lives.** Sponsors get to be part of a child's story, offering hope and opportunity while growing in their own faith and purpose. **Brooke's heart for serving shines brightly as she works to connect communities across countries, knowing that God is using her to make an eternal impact.**

When you support 2nd Mile Missions, you're joining Brooke and countless others in changing lives—both for the students in the Dominican Republic and for those who say "yes" to making a difference. Through sponsorship, God's love and provision flow in powerful ways, creating brighter futures and stronger communities.
